Texico resident wins Alaskan seaplane flying vacation from King Schools

LAKELAND, Fla. — Rodney Mullinax of Texico is the winner of the 35th Anniversary Sweepstakes of King Schools, located in Lakeland, Fla.

The sweepstakes award was announced March 31 by John and Martha King of King Schools. Mullinax qualified for the sweepstakes award by taking a

course in high altitude endorsement ground training. Prizes won by the local pilot include an Alaskan seaplane flying vacation.

Mullinax and his wife Jana, a student pilot herself, will travel on an all-expenses paid trip and he will be able to earn seaplane rating and take a bush

flying course.

“We can’t imagine a better winner,” John King of King Schools said. “Rodney is a passionate pilot, airplane owner and CFI, and he loves learning new things about flying. ... Fulfilling his dream of earning his seaplane rating will be an over-the-top thrill for him.”
