

'They are so addictive and they are so exciting.'

A young gyroplane enthusiast gets the opportunity to experience a rotocraft up close Saturday during the St. Louis Popular Rotocraft Association Chapter 25 Fly-in at the Mt. Vernon Outland Airport. "In the past 10 years, (rotocraft) have really progressed to be the safest aircraft in the air," said association member Larry Miller. "They are so addictive and they are so exciting."
