just after their flight. See more photos on page 4*

Scenes From The 12th Annual Little Egypt Fly-In And Veterans Reunion

What a spectacular day!
Not only were there clear blue
skies, there were planes,
planes and planes. From U.S.
military displays to antique
military vehicles, there was
something for everyone in the
entire family.

The aircraft shown
(L to R) are: P-51 "Mustang",
Aero Vodochody L-29
"Delphin", Aero Vodochody
L-39 "Albatross", and two
North American AT-6's.

Pictured is First Sergeant
Firebaugh (left) and two addi-
tional soldiers displaying the
latest in ARMY National
Guard Weapons in front of an
uparmored Humvee. The
equipment displayed is the
same our soldiers are using
in the Middle East.
