Sentinel Photos/JASON SILVEY

A Sentimental Journey crewmember rotates one of the bomber's tri-bladed Hamilton Standard propellers into position before the audience moves in for a closer look. RIGHT PHOTO: Actress, singer, dancer, and the most popular pin-up girl of World War II, Betty Grable adorns the Sentimental Journey's nose, in her famous pose. Note the bomb paintings above Grable, which indicate the number of missions the bomber flew.
