

LIFESTYLES

Run for the Wall

At the Mount Vernon Outland Airport, Illinois Disabled American Veterans Chapter #28 recently participated in welcoming and supporting the personnel on motorcycles involved in the annual Run For The Wall event that made its only Illinois stop in Mount Vernon. The D.A.V. engaged in welcoming all participants of the ride as they made entry into the airport facility. "Crucial to the Mount Vernon portion of the event were all the volunteers from around the Southern Illinois region, but specifically the staff and leadership of the Airport Authority, with Chris Collins — airport director," according to a chapter statement. D.A.V. representative Kevin Johnson, FAR LEFT, presents a letter of appreciation for all their efforts in the recent event and past events they have supported to Collins, FAR RIGHT, and his administrative assistant, Sheila Scrivner.
